## Hearing Aid Compatibility Status Report (FCC Form 655)

Reporting Period: January 1, 2011 - December 31, 2011

Filing Confirmation Number: 0005025168

Filing Deadline: January 17, 2012

FRN: 0004372322

Filing Date: 01/11/2012 10:58 AM

### General Report Information

#### Type of Company

Service Provider

#### De Minimis Exception

Did you offer more than two handsets over any air interface to service providers (if you are a device manufacturer) or to subscribers (if you are a service provider) during this reporting period? Yes

Did you offer any handsets to service providers (if you are a device manufacturer) or to subscribers (if you are a service provider) during this reporting period?

#### Company Information

Company Name: United States Cellular Corporation  
Brand Names: U.S. Cellular  
PO Box:  
Street Address: 8410 West Bryn Mawr, Suite 700  
City: Chicago  
State: IL  
Zip Code: 60631

Contact Name: Peter M. Connolly, Esq.  
Contact Phone: (202) 955-3000  
Contact Fax: (202) 955-5564  
Contact Email: peter.connolly@hklaw.com

#### Filing Agent

Is this report being filed by an agent on behalf of a manufacturer or service provider? Yes

Agent Name: Holland & Knight LLP  
PO Box:  
Street Address: 2099 Pennsylvania Avenue, NW, Ste. 100  
City: Washington  
State: DC  
Zip Code: 20006-6801

Contact Name: Peter M. Connolly, Esq.  
Contact Phone: (202) 955-3000  
Contact Fax: (202) 955-5564  
Contact Email: peter.connolly@hklaw.com

## Product Labeling

Do all hearing aid-compatible handsets include labeling? Yes

Explain:

Do all hearing aid-compatible handsets that are capable of voice communication over any air interface or frequency band that does not currently have hearing aid compatibility technical standards have clear and effective disclosure that the handset has not been rated for hearing aid compatibility with respect to such operations? Yes

Explain:

## Public Website

Does your company maintain a public website describing all hearing aid-compatible models, the ratings of those models, and an explanation of the rating system? Yes

Website address: <http://www.uscellular.com/uscellular/services/hearing-aid.jsp>

Explain:

## Consumer Outreach

Describe consumer outreach efforts in the past 12 months: U.S. Cellular has a corporate website that lists all currently available wireless devices along with the applicable HAC ratings. The website contains a hyperlink to AccessWireless.org, a CTIA developed website that provides consumers with a greater understanding of the wireless industry and of those aspects of wireless technology which people with disabilities may find especially useful. U.S. Cellular device boxes are properly labeled with the relevant HAC ratings and device user's manuals generally contain HAC information. Furthermore, U.S. Cellular's sales and customer service associates are educated about HAC requirements and can address questions regarding HAC issues from hearing impaired customers.

## Methodology for Functionality Levels

We strive to make the phone selection process for our customers with hearing aids as easy as possible. U.S. Cellular categorizes phones into four different categories based on their levels of functionality: Feature Phones, BlackBerry®, Windows Phone® and Android™.

### Feature Phones

Feature phones are those that are primarily used for voice calls. These phones also provide access to additional services such as U.S. Cellular's application download service, easyedgeSM. Please refer to the phone page to see specific features and services supported by each device in this category.

### BlackBerry®

These are voice and data-capable wireless devices (i.e. converged) that integrate voice calling, email access (corporate and personal), web browsing and PIM (calendar, contacts, tasks) all in one device. These devices use Research In Motion's BlackBerry® operating system.

### Windows Phone®

These are voice and data-capable wireless devices (i.e. converged) that integrate voice calling, email access (corporate and personal), web browsing and PIM (calendar, contacts, tasks) all in one device. These devices use Microsoft's Windows Mobile® operating system.

### Android™

These are voice and data-capable wireless devices (i.e. converged) that integrate voice calling, email access

(corporate and personal), web browsing and PIM (calendar, contacts, tasks) all in one device. These devices use Google's Android™ operating system.

## Report Remarks

You have reported the following handset model summary information.

Total number of handsets offered: 46

Air Interface	Fully Hearing Aid Compatible		Acoustic Coupling Compatible Only		Non-Compliant Handsets		Total by Air Interface
	Number	Percent	Number	Percent	Number	Percent	
CDMA	38	83%	8	17%			46
